

NEHI Collaborators InitiativeSM ***Join Us in Shaping the Future of Health Care***

At the New England Healthcare Institute (NEHI), we believe that innovation and the collaboration we create among diverse groups are the keys to transforming health care. Only by working together can we foster the kind of changes that bring true value to the health care system by saving money and saving lives.

The NEHI Collaborators InitiativeSM brings together leaders who care deeply about transforming health care through innovation. Our Collaborators play a critical role in advancing NEHI's mission by providing new ideas, strategic input and financial support.

Through your financial contribution of \$1,000 or more annually, and your further involvement as a NEHI advisor, you will help NEHI:

- **Speed the adoption of valuable innovations** in health care;
- **Reduce the burden of chronic disease** by promoting prevention and wellness; and
- **Improve the quality, efficiency and safety** of the health care system for the benefit of patients and their families.

NEHI is a 501(c)(3) nonprofit organization that depends on gifts and grants from individuals, corporations and foundations to support its work. ***Your contribution, which is tax deductible to the full extent of tax laws, will help shape the future of health care.***

To join NEHI's Collaborators InitiativeSM, please contact Judy Ozbun, Vice President, Strategic Partnerships at (617) 225-0857 or jozbun@nehi.net.
